CTB World Day of Prayer - 6th March at Manor Mission from 10am.

I know I've mentioned this in Church, but want to revisit what has happened with my car recently. Between Christmas and New Year we went as a family to Belgium to help celebrate my Dad's birthday.

However, on the way out of our lunch stop at Bruges my car started to be dodgy when changing gear. I managed to get along the motorway, but the car blatantly wasn't happy as it didn't want to go into gears. As I came off the motorway that was it, no gears at all. 'Lucky' this was on the slip road where there was a hard shoulder unlike the motorway. Relatively quickly the breakdown truck came and took my car to the Vauxhall garage 10 minutes up the road and onto our accommodation. The garage had a person who spoke fluent English (which is handy as I speak no Flemish) and they tried but were unable to get the part in so we had to be recovered back to the UK. The insurance then paid to get me back to Belgium to pick up my car. On this journey so many 'lucky' events that made

the trip really smooth. The plane, train and taxi arrived early, there was no traffic anywhere, even on the Dartford crossing, and when the garage didn't take my card I found a brilliant cake shop.

I know people at church were praying (as had I) and God helped make that journey so plain sailing. Prayer is what I believe made that happen.

If you look at how far we've come with the building fund so far, the total initially seemed 'impossible'. By hardwork and prayer we've almost got to half way. Let's keep praying and believing that God will guide us and make the building in the way that He wants.
